Customer Reviews

This book wasn't helpful at all. I found better information on youtube.

When I was in search of a book on this specific title I have gone through the kindle and find good quantity of books but whenever I went to read the comments of the people I was disappointed. But this book looked a better compared to others. This book pronounces all the features of Fire TV stick, i.e. how to install it, its common use, it's certainly multipurpose streaming choices and also delivers you with some bonus tips. This was a simple and easy to recognize book. I would endorse it to anybody attentive in this device.

This is a very well done Fire Stick installation book. And I appreciate the way the author describes

all the details for easy learning. Instructions are easy to follow, and if you carefully follow the instructions in this book, you will very soon enjoy your new device!

It is awesome.

Helpful book for fire stick. I am really impressed with how this user guide walks you through the great features the Fire Stick has to offer. The author did an excellent job and also written very well. Thanks author for creating us a new very important book for all of us. I would highly recommended to read this book everyone.

This made it so easy and the cost for the instructions CHEAP. I'll be using this for Christmas presents this year.

This is all about the fire stick. What more could I say about it, this is the best guide I've ever read. Have all the necessary info for starters to get to know Fire Stick and If you have little know-how about it then you must read this guide to unlock full potential of Fire Stick.

Brother said we needed it.....it has been wonderful after my husband (83) got the hang of using the control pad! lol
