Elder Law: Practice, Policy, And Problems (Aspen Casebook)

Synopsis

The casebook is a client-focused, teaching-oriented book. It integrates narrative with cases, statutes, regulatory materials, and commentaries to create a comprehensive, tightly organized teaching tool. A key feature is that, unlike the competing casebooks, the book is replete with problems, questions, and exercises designed to help students apply what they are learning and to facilitate lively classroom discussion. Many of these are client counseling hypotheticals that ask students to advise hypothetical clients or to describe how they would approach a client meeting.

Customer Reviews

If you're buying this for your law school class it will be perfect. If you're buying it for some nice light reading, maybe on a little hop across the country on an airplane with your children, you will probably be disappointed.

Practical book
