Synopsis

The Pleiadian star nation is one of the most discussed star nations that we know of. Their closest soul brothers and sisters are Andromedans and Sirians. Often, they all join in beautiful ceremonies and work in unity with other star nations to ensure peace across the Universe. Pleiadians are Soul Healers. Sirians are Knowledge Keepers. Andromedans are Healers and Scientists. Together they create a beautiful trinity of energies that synchronize with the energies of our mind (Sirius), body (Andromeda) and spirit (Pleiades). In this book you will embark on a journey to learn more about these star nations, their home world, special places, and their unique abilities. You will also learn about the characteristics of starseeds that have incarnated on Earth from these star nations. Are you one of them? Do you carry their ancestral DNA? While you read about these star nations you will automatically connect with them. You may consciously ask to be DNA attuned to their energy. If they are your original ancestors, you may experience sudden memories while reading, and your spiritual DNA will be activated. If they are just your galactic neighbors, then you can receive their energy imprint. You will be attuned to the energy that will assist you in the highest possible way in your current life here on Earth. Enjoy!

Highly recommended!! Full of vibrant descriptions and pictures of Andromeda, Pleiades, Sirius and special characteristics of beings of such origin, of the places and temples, very inspiring, living experience to me (helped to recall memories I guess). Full of Evas love for her work and human kind to make us all remember!!! Really good price and quality of light to me:). Includes advices and meditative exercises easy to follow and her experiences through astral travel ! thanks!!!

A few years ago, whenever I looked into the night sky, my eyes were always attracted and went right to what looked like a "tiny dipper." It often felt like that minuscule star system was looking back at me, almost like it wanted me to see it. I used Google Sky and figured out what it was, but there wasn't much written about its spiritual meaning at the time, unfortunately. So, imagine my excitement when reading the Table of Contents of this book and the word Alcyone seemed to jump right off the page! I read the description, and certain parts of that, as well as the other Pleiadian material, made me tear up with a deep feeling of recognition. This book is nice and short, to the point, but still descriptive enough to get a really clear idea of these three star nations. Highly recommended.

This was a beautiful book to read. I felt kinda relieved emotionally .alot of knowledge and easy to comprehend. Sure wish I understood the language of light. Will be reading more from this inspiring author
