Synopsis

Ridiculous True Stories of the Unusual, Creepy, and Just Plain Strange |Get Your FREE BONUSES When You Grab This Book!Even though we have mastered flight, sent a man to the moon, and immersed our daily lives in the world wide web of information, there is still a lot of mystery left in the world. And there are people who have claimed to have directly encountered this world of mystery. From stories of people who see strange lights in the sky, to those that have actually claimed to have visited other times, dimensions and worlds completely unknown to life's average traveler. These brave sojourners have found themselves face to face with humanities worst fears, darkest questions, and most confounding confusions and (most) have lived to tell the tale.These are the stories that are sometimes frightening, sometimes creepy, always unusual, and often enough, downright ridiculous. We will never know everything that exists in the unknown bandwidths of life, but it's entertaining to try nonetheless. So sit back, relax, and get ready for some mind blowing excursions into the unknown...Here Is A Preview Of What's Inside...Unexplained Encounters: Excursions Into the UnknownUnexplained Encounters: Deadly Encounters at Dyatlov PassUnexplained Encounters: Encounters with Angelic AliensUnexplained Encounters: A Bit Of Inter-dimensional ThieveryUnexplained Encounters: The MothmanUnexplained Encounters: Dr. Eben's Unexplained Encounter with GodMuch, much more!Grab this book today!

Customer Reviews

I am becoming a steady fan of Max Mason Hunter! :-) His style of writing is like being around a friendly and companionable campfire.. You know you're bound to hear some thrilling accounts.. and the anticipation sends thrills and chills down your spine in a most delicious way. :-) I especially enjoyed Deadly Encounters At Dyatlov Pass.. what WAS it that caused the young Russians to claw their way out of their tent in the dead of night during a raging blizzard? I guess we'll never know for sure, but I was intrigued when witnesses from the area had later reported of seeing orange balls of light whizzing around near Dyatlov Pass.. and on the night in question too. I also enjoyed reading about time slips, angelic visitations and of course reading about Dr. Eben's encounters when he was in a coma. I received an advanced copy of this book and my review is an honest one.

If I had a complaint, (and I don't), it would be that it's too short. I suppose that if you're trying to make a living as a writer then you don't put all your best stuff out at once. So, like the burglars in a 'Home Alone', movie... 'Yep, I'm hungry for more'. Some things I knew about some others, not so much. The one about the 'haunted', canyon in Southern California, oddly enough, I'd seen on TV just the night before. oooEEEE0000! Coincidence? Perhaps. But who are those guys in black coming up my walkway? Seriously, though, there's much in the world that's truly pretty spooky and downright weird so this is a series I'm probably gonna like. I love my Kindle on 'Unlimited'. Best gift an obsessive reader ever got. Tks Sweetie.

I like the style of this author's writing, he gives you the facts of the story, and lets you decide what to believe. Not the annoying kind of "this is a riddle no one else has ever solved, But I have!" type of author. The stories are written to be interesting, and just enough of a cold chill comes through to be eerie. In short, I have already gotten some more of this author's books to read. Just need a windy night with the clouds and the moon playing tag.....

This short read was a collection of unusual tales from Max Mason Hunter. Most of these I am familiar with, though there are a few that I was not. All were enjoyable and some were fascinating. This is a great collection of tales for those who enjoy strange tales.

I really enjoyed this book, Max Mason Hunter is fast becoming one of my favourite authors. He has an excellent way of writing, very descriptive , interesting , keeps you wanting to carry on reading. This book has a brilliant range of different true accounts, from aliens to timeslips and disappearances. Truly gripping .

Pretty good, has some stories that seem to finish too quickly with a lack of detail, and sadly some tales mentioned suffer from inconsistent details making it sound fake. Still an ok read to pass the time, and a few stories are enjoyable.

This is another very good effort by Max Mason Hunter. In this book he covers a wide range of strange and unexplainable stories, from the well-known Mothman and wildly debated Dyatlov Pass incident to less known stories of time slips and encounters with angelic beings. Interesting? Definitely! I have to admit my favorite chapter was on the *Interdimensional Thief* every^{one} of a Beatles album we will never know! If only^{the}..!

Really liked this. Stories were short, and to the point. No dragging out the content. Hope to read more from him.
