Customer Reviews

Alexa is not just a device its a lifestyle that you have to pay attention to gain more freedom in your home, this simple device can change your life the way you think. It can help to gain more control to your home devices, furniture's, securities, and way more. This introductory guide book of David Murray will help to understand the idea behind the smart home concept and open an window to own a future home where everything will happen just with your command. Recommended to all tech loving person.

The Echo-thanks to Alexa is the most affordable and convenient way to turn your home into a smart home. Using the knowledge in this book, you can figure out what style of smart home is right for you, and how to get started toward a better organized and more efficient life. I have found a lot more than any other alexa book. Recommended.

The Echo-thanks to Alexa is the most affordable and convenient way to turn your home into a smart home. Using the knowledge in this book, you can figure out what style of smart home is right for you, and how to get started toward a better organized and more efficient life.

The book explains the principles of working with Alex. This is quite informative. Found answers to all questions. Well suited for beginners. It has great tips

Good information on beginning to develop a smart home. Easy to read and understand. Gives examples of Alexa apps to try.

Short brief explanation with less clarifications. I like the configuration and the substance is useful and fun. Furthermore, I learned many new things about the capabilities of my Echo Dots Alexa app. I

thought that was pretty cool.Thumbs up!!

A lot of value for the money. I am still discovering the possible uses.

Amazing book. I have learned lot of things from this book. You must read this book. Highly recommended to all. Good job done by a writer.
