The Bonsai Specialist: The Essential Guide To Buying, Planting, Displaying, Improving And Caring For Bonsai (Specialist Series)

Synopsis

With topics ranging from watering and feeding to spirit and aesthetics, this is an all-in-one guide to the art of the bonsai. It features advice on looking for and raising trees; handling pests and diseases; using composts; potting; choosing containers; pruning the plants; and displaying them. A convenient A-Z guide covers virtually every species of indoor and outdoor tree.

Very good

I have read the book but I haven't started my project yet till now.I also need to see the progress of

my friennds on ther plants so I can have an inspiration that If they can do this I can do it also.

a little more elementary than I expected and I think the write up suggested. ok for beginners to get a glimpse of what the hobby of bonsai is all about

I was new to bonsais and it helped immensely. The pictures added to my understanding. I would reccommend this book.
