Rick Beech is an origami expert who has brought his creative folding skills to the art of the napkin, combining professional expertise with creative flair. Rick has taught hundreds of workshops and has worked in film and TV. Through his company, Paper Magic, he provided origami entertainment to a huge client base, performing at dinner parties, award evenings and other corporate functions.

This book is divided into sections of how to make cloth napkins, napkin ring ideas, easy folds, fans and pleats, complex folds, and pockets and parcels. There is also a template section. The pictures are clear and have clear and easy to follow directions.

I am going to improve my formal dinner table with many of the folding ideas I got from this book. Truth is however you can probably get a better perspective by watching people actually do the napkin folding on YouTube and save your money. I personally love a hard copy of everything. My table will never look the same. It helps to be retired and have the time to lavish on a detail like a napkin...but it sure impresses my guests.

Excellent! Made a great gift!

Great!

As a professional yacht stewardess, this book has everything I need for setting up first class tables! Thank you for the great fast delivery as well!

The ideas were good, just not exceptional.

Many interesting and unique designs, and a beautiful and colorful presentation.

Fun.
