Art Journaling For Beginners: 100+ Prompts To Teach You What And How To Journal

Synopsis

What is It? Art Journaling for Beginners contains a series of art journaling prompts to get you started on your very first art journal. Requiring few formal art supplies and no experience, these art journal prompts are especially good for children or for those who have trouble with non-linear thinking.

What's in It? After answering the question, "What is art journaling?" more than 100 prompts help you learn to integrate words and art and train your brain to accept "messy" as an acceptable alternative to "neat and tidy." This non-overwhelming introduction to art journaling might seem simple at first blush, but together these prompts can be interpreted in hundreds or thousands of ways! Buy the print edition so you can always keep it handy in your workspace. Or download the Kindle version now, and get started on your journal right away!

Customer Reviews

What Readers are Saying "...when I started to read through the prompts - the further I got - the more inspired I got..." -Growing Up Little "Fun and perfect for beginners!" -K.L.

Well, this sounded like a good idea when I read the descriptions on here. Yes, there are 100+ ideas in the book but most of them are the most basic and simple ideas for art journaling. I'm by no means an experienced art journaler but this book is a little too basic for me. I thought there would be more instruction on how to use some products but maybe I was too hopeful. For a new art journaler who doesn't have much creativity or someone who needs help with ideas, this would be a decent purchase.

This is EXACTLY what I have been looking for to help me grasp how to begin art journaling personally and how I might incorporate the art with my professional work. I like the step-by-step approach, and how it goes from simple to more complex. I also love the prompts and ideas the author gives. It is a tiny book, but it is packed with just right information. I also appreciate that the author chose not to give examples in the book so the artwork created by readers can be unique and inspired rather than copied. I highly recommend this book for all who are interested in art journaling but are having a hard time figuring out where/how to start.

It is blank book that you have to fill in and I did not know this so I am very disappointed in the author of this book

This is nothing that is not available online for free.

i thought this book was wonderful. as the most non-creative person on the planet, this book was inspiring w/loads of simple ideas & prepping pages. so glad i bought it.

A+

Thank you.

For a 5 year old.
