Magickal Servitors: Create Your Own Spirits To Attract Pleasure, Power And Prosperity

Synopsis

Magick is used to attract money, love and luck, but it can also be used to inspire artists, to encourage loyalty and passion, to increase popularity and fame, or to repel attacks. Magick can make people see you in a new light, protect you, end bad luck, open new opportunities, and direct change in whatever way you want. If you have a need, it can be served through magick. With servitor magick you create a spirit yourself, using your mind, heart and soul, to serve your deepest needs. This is the most personal magick imaginable, and it can reward you with extreme pleasure, the power to create change, and the ability to attract prosperity in all areas of your life. Everything that could be said about servitors has been said. Until now. Servitor magick has been around for a long time, but it became popular in the last half-century or so. There are countless Chaos Magick books and free websites that will tell you how to create a servitor. There are a small number of variations on a theme, but the essence of these sources is the same. *Magickal Servitors* contains two major secrets discovered by The Gallery of Magick, which are embedded within the fabric of this process. This magick is designed to be accessible to beginners as well as experienced occultists. If you are new to magick, all you need is an open mind and the willingness to work with the techniques as instructed. You will be pleasantly surprised by the way the world yields to the touch of magick. You will discover: Spirits that are easy to contact and effortless to command; Servitors that grow and change with your needs; Magick for long-term, repeating results; Servitors for Self-Development, that help you enhance or subdue a personality trait; Perception Servitors, to see people and situations clearly; Servitors of Influence, to stir thoughts and feelings in others; Manifestation Servitors for material rewards and real-world change. The secret process of Vision, Creation and Life that gives birth to a loyal, powerful spirit. Acclaimed author Damon Brand says, 'With the secrets of practical magick, you create your life according to your true will. There is no higher magick than the magick that brings results.' This book presents a system for creating servitors that will enable you to craft a conscious spirit that will act on your behalf, manipulating matter, time and the patterns of reality to bring the results you desire.

Customer Reviews

I was in a bit of a financial bind this week - namely, the rent was seriously late. I was hating life. I don't like to be late with my rent and I was saving every penny to get caught up. In saying this, I was a bit hesitant about creating a servitor under such a stressful situation. Damon often recommends that you don't lust after the results, and I was just about as lustful as they come.

Lustful-for-rent-money was my middle name. Despite this feeling of desperation, I gave it go anyway. The servitor I created would help me get the remaining \$650 I needed to pay the rest of the rent -- within 2 days. I'm self-employed so it's possible to earn big lump sums like this. But business had been super slow. My rationale mind wasn't 100% sold on the fact that I could get that money in a couple of days. But my magickal mind told me don't worry about 'how' the money comes. Just let the servitor do the work. Admittedly, I followed the steps in this book a little sloppily. I mean I rushed through it, but I gave what felt like a good emotional push. The servitor felt very real in my atmosphere. On Day 1, the day I created the servitor, I made \$200. On Day 2, I made \$460. The grand total... \$660. The really crazy part is that one client tipped me \$200 for my work. I'm a designer, and nobody tips a designer, let alone tips them \$200 because they liked the work. That was the first time it ever happened, and I was shocked. I always felt like servitor magick would be a good fit for me, and apparently it is. Now that the rent is paid-in-full, I'm already thinking of my next servitor. And the next one. And the next one. (NY Times bestseller list, here I come!)

My Work has forever changed because of the Works provided by the Gallery of Magick. Just read my other reviews for their works to see. Because of this, this volume is, I feel, one not to be ingested

until a Worker has built up faith and trust in their own processes. I tell you, had I not found success with other portions of my Work, the idea of servitors as presented by the Author would have seemed too simple, and I would not have been able to produce results. For me, a person steeped in the Western scientific "physical world only" tradition, I would not have been able to believe I could actually, truly Create Something that really Existed and that worked. I had to try the Words of Power. I had to try the Shem Angel magick. I had to feel the changes from the 72 Sigils. I had to seduce. The day this book came out, I read it's description and bought it with butterflies in my soul. I knew, if I pulled off what this book talked about, I would never, ever be the same. I also knew, if I failed, then I would experience a terrible disillusionment and a loss of faith in myself and how I perceive Reality. I read it. I denied its simplicity. I read it again, and my mind was filled with possibilities, ideas and events and purposes maybe even the occult community hasn't even thought up before. But how could they be achieved? How could it be so simple? I tabled the book for 2 weeks. My mind, my heart, my soul kept bringing this book back to my consciousness. "Screw it. I might as well try," said I. The results were precisely what I wanted, but the process of their realization blew my mind. The Author gives a formula for creating any servitor: designate its purpose, appearance, powers, timing, location, calling, and fatal flaw. Create its sigil. Empower it. You're done. He speaks to each of these concepts, advising and delineating boundaries. Defines problems. Encourages imagination. I would have understood it a year ago, but I never would have believed I could do it. I needed more time with my own successes. That's why I said it wasn't easy: not that the content was difficult, but that I needed to be ready to really commit. Be careful with this work. Change will come. Caveat emptor.

A practical book for those, who want to create their own spirits. Very simple, yet very informative and "how to" type of book. I highly recommend, but you have to have an open mind and understanding that you could create your spirits...

Excellent book. This is the seventh book I have purchased by Damon Brand. I have yet to be dissatisfied. Although on a different track from the superb Angelic Magick books, Magickal Servitors is fascinating in its own right. The system of work is written clearly and concisely, writing style is great, candid, and down to the point. This is a system of work that can stand on its own or be used along with other types of Magick. The rituals are easy, but very serious, and not to be taken on a whim or lightly. If you want something to get moving or need real results in real world time, I highly recommend this book, as well as all this author's other publications.

I'm a novice and I feel he's given a great no nonsense introduction. Straight to the point, experienced and pragmatic. I accidentally discovered this path of summoning helpers and it truly works. Can't wait to get started with a more organized and refined approach.

Damon describes step by step how to create a servitor. You just can't go wrong following his instructions. They are brilliant like the entire book. I've never thought that it was so easy and so effective. Damon is very generous by disclosing magic that works to the world. Thank you, dear Damon. I'm very grateful.

Anything Mr. Brand produces brings results. This volume distills the magick clearly to the essentials. He is retiring so scoop up anything he or the Gallery of Magick produce. Highly recommended!

Mr. Brand read my mind! ;) I had been searching the internet high and low for a reliable book on Servitors. When I saw my trusted and favorite Author came out with the content I sought, it was a no brainer - I immediately ordered a copy. I am never disappointed by this Author.
