Introduction To Women's, Gender, And Sexuality Studies: Interdisciplinary And Intersectional Approaches

Synopsis

Women's and Gender Studies departments and programs are undergoing rapid transformation, creating the need for a comprehensive and accessible introductory textbook that addresses the current state of the field. *Introduction to Women's, Gender, and Sexuality Studies: Interdisciplinary and Intersectional Approaches* is the first text to reflect the exciting changes taking place in this field. Emphasizing both interdisciplinarity and intersectionality, this innovative mix of anthology and textbook includes key primary historical sources, debates on contemporary issues, and recent work in science, technology, and digital cultures. Readings from a range of genres-including poetry, short stories, op-eds, and feminist magazine articles-complement the scholarly selections and acknowledge the roots of creative and personal expression in the field. While the majority of selections are foundational texts, the book also integrates new work from established scholars and emerging voices to expand current debates in the field. The text is enhanced by thorough overviews that begin each section, robust and engaging pedagogy that encourages students to think critically and self-reflexively-and also to take action-as well as supplemental online resources for instructors.

Book Information

Paperback: 656 pages

Publisher: Oxford University Press; 1 edition (February 15, 2017)

Language: English

ISBN-10: 0190266066

ISBN-13: 978-0190266066

Product Dimensions: 9.1 x 1.1 x 7.4 inches

Customer Reviews

"Introduction to Women's, Gender, and Sexuality Studies is an approachable, engaged, and relevant resource that will provide a springboard for students and instructors to make WGSS thinking, scholarship, and activism useful, practical, and real. The breadth of coverage in the table of contents is breathtaking! This is arguably the most comprehensive and robust introductory text on the market."--Matthew B. Ezzell, James Madison University "I am so excited about this book

because of the range of voices, but also because of its accessibility. I love the consideration of intersectionality, transnationality, and civic engagement, and the relevance that these issues have to the specific subject matter presented in the text. I have not seen a more promising reader in many years."--Leandra Preston-Sidler, University of Central Florida "This collection is one of the most comprehensive, intersectional, and interdisciplinary introductions to the field of women's, gender, and sexuality studies that I have seen. I like the historical approach, the diversity of readings, the focus on interdisciplinarity and intersectionality, and the fact that the book delivers on its promise to address the current state of the field. I can't wait for this text to come out so that I can use it and encourage other instructors to adopt it too."--Lynn Comella, University of Nevada, Las Vegas

L. Ayu Saraswati is Associate Professor of Women's Studies at the University of Hawai'i at Manoa. Barbara Shaw is Assistant Professor of Women's, Gender, and Sexuality Studies at Allegheny College. Heather Rellihan is Professor and Coordinator of Gender and Sexuality Studies at Anne Arundel Community College.
