Customer Reviews

I Read this book [actually read all 3....and just today stumbled across the kindle edition of THE ROAD TAKEN and just bought it!!]when it was first published and have reread it many times over the ensuing years. The truths are just as relevant today as they were 20+ years ago.If you are a spiritual seeker;If you desire to make your way along YOUR OWN PATH rather than one designed for herds of the masses;If you've grown to question the viability of your continuing to follow an "OUTER" or "INNER" Master;If you find your current path lacking in assisting you toward making any REAL GROWTH toward realization;If you're open to learning from a modern day master who is

too humble to even accord himself that title, who TEACHES with a gentle focus that is ever upon the reality of our divine oneness with God; If you desire SELF-REALIZATION and GOD-REALIZATION, though it's a gradual process, these books can place your feet upon the path and guide you with the steps to take to make it happen! My spiritual library consists of many classics from the 30's, 40's and 50's and while those classics still hold value, the 3 book series by E. James are the core of my studies and have the highlights and dog-eared pages to show it! So happy to see these available in Kindle! If my review has spoken to you, just push Click to Buy. Your Soul will love you for it. :-)
