## Customer Reviews

Great product.

Just neutral rating. I didn't buy the thing.

This book describes the basics of how to use an air fryer and the benefits of air frying, as well as providing a number of great recipes, including breakfast recipes, including Ã¢Â^vegetarian frittataÃ¢Â™. Chapter 4 provides snacks and appetizers, Chapter 5 contains lunches on the go or at home, Chapter 6 contains easy seafood recipes, Chapter 7 tasty poultry meals and Chapter 8 contains beef meals. Finally, Chapter 9 contains Ã¢Â^do not forget dessertsÃ¢Â™. Desserts are my favorite!

I thought that you could only use an air fryer for frying few foods like chips, fish and meat; i never knew that you can use it to cook various recipes.What I found interesting was the fried ice cream with its olive oil, 4 scoops of ice cream and bread slices for its ingredients and molten lava cakes on an air fryer.I'd definitely try these recipes as it sounds yummy :)

There are breakfast recipes, air fryer appetizers, vegetarian recipes and even air fryer dessert recipes. Yes, IÃ¢Â™m as surprised as you are that this is possible. These include cakes, puddings, cookies, macaroons and crumbles. ItÃ¢Â™s even possible to Ã¢Â^air fryÃ¢Â™ a chocolate soufflÃ©. The recipes are all clear, with clear lists of ingredients and instructions. I do recommend you get this book if youÃ¢Â™re considering buying an air fryer.

I choose this rating because its quite interesting for me. It catches my attention and it helps me to know more about new and easy recipes that I can make. I like the content of this book, because its not only the recipes but how to use the air fryer effectively. Actually I highly recommend this cookbook because it gives me a quick and delicious recipes that I can prepare to my family.

Great book! An air fryer you will find something absolutely new and noteworthy you will find that you can cook in a considerably more advantageous way all your most loved nourishments. You will

utilize less oil less fat and you will cook everything in a matter of seconds every one of your dishes will be so delicate and succulent in the center and perfectly. Recommended.

The recipe's look so easy and quick. I was interested in seeing the techniques and the different kinds of recipes. This book covers a much broader array of foods than I imagined could be made using the air fryer. I wanted to investigate the process before investing in another kitchen appliance. Yes!! Just what I was searching for.
