Jane's Airports Equipment & Services 2004-2005 (Jane's Airport Equipment And Services)

Synopsis

Jane's Airports, Equipment and Services gives you the opportunity to review and analyse the products and services of over 1,900 specialist airport contractors giving you a comprehensive overview of what is available. This wide-ranging survey gives you details of everything from tow tractors and emergency vehicles to security systems and maintenance equipment. Plus, a breakdown of how equipment and systems work as well as information on planning, design, construction and management services to help you locate suppliers and partners. Key contents include: Ramp equipment for a variety of handling and servicing; Security equipment; Airport information technology; Terminal operations; Maintenance station equipment; Airfield operations; Airport services; International trade organisations; Airports of the world; Airport services section covers: ground handling services, airport design, construction and maintenance, and airport management and support. For regular airport business and development news the publisher recommends Jane's Airport Review. Other related information sources include Jane's Air Traffic Control and Jane's Airports and Handling Agents.
