Dark Peak: A Psychological Thriller

Synopsis

Thirty years ago, seven-year-old Mitch Walker was left for dead in the woods while his five-year-old sister Sarah was abducted. Now, circumstances pull him back to the place where Sarah vanished. He finds evidence linking his sister to a number of girls whose disappearances remain a mystery and has to face the fact that she may have been a victim of a serial killer known as the Blackden Edge Murderer. Elly Cooper, ex-journalist and bestselling author, has been tasked by her agent to investigate the disappearances for a new book. She needs to find out if the rumoured Blackden Edge Murderer is more than just a local legend. This is Elly's last chance to get her failing career back on track and face her personal demons. But uncovering the secrets of the past can have dangerous consequences. Mitch and Elly are about to be drawn into a web of deceit, lies, and murder. A web that stretches back forty years but is still snaring its victims today.

Customer Reviews

Really enjoyed. Read other reviews and glad I read it. Great characters and the plot kept me guessing until the end

I just finished reading this book and I must say it was really worth the time to read. I wasn't sure who the bad guy was at first but, I had it figured out about half way thru the story. Mitch was a good man with a very funny 12 yr old daughter. The whole story was good but, the end was the BEST!! I think this is Adam Wright's first book but, I hope it won't be his last....GOOD JOB, ADAM

I couldn't find a movie to watch one night last week so I tried Dark Peak and was treated to a riveting, spooky, gothic mystery with great characters. I had a crush on Elly, the true crime author. As an aspiring author myself, I was in awe of the professionalism, believable characters and the great ending in this book. I'm also a fan of Adam's serial hero, Harbinger P.I. and can't wait for the next one. Thanks for the fun night's Adam.

The author does a good job of surprising the reader at the conclusion of the story. Many possible suspects arise during the story with an unlikely one ending up as the culprit. An overall good read that leaves the reader unsure what will become of Mitch and Lilly's relationship.

This is a 5 star, gut wrenching, page turner. Couldn't put it down til the end and what an ending! Never expected that one. I recommend this to anyone who likes a good mystery, thriller and crime story. Full of twists that you won't see coming. Loved it!

This has to be one of my favorite thrillers of all time! I don't remember reading anything by this writer before, but I will be looking forward to more of his incredible books. A murder on the loose for over thirty years, and a woman out to investigate because she's a true crime writer.....all leads to a MUST-READ BOOK!

A wonderful thrill ride that has interesting exceptions. The characters are very interesting. It is a fast but worthy read. Hope you enjoy it like I did.

Despite 1 or 2 absurd turns, the intrigue carried throughout this winding story. Fairly believable characters, most acting suspiciously, resulted in a good read.
