A very short (as advertised) yea, too short, but covers most of the salient points that one might ask when doing a comparative religion study. A lot of the information could just as easily be gained from the Encyclopedia Britannica, (Is it still around ?) or, at Wikipedia.

Would've been nice to understand more about the celebrations and how they are done. Also, if there aren't ministers, how are services conducted? Would also like to know about the "obligatory" prayer.

Concise and directly defines the belief.

this is a good summary of the Bahai Faith, but there are better ones out there.

That's what you get... '5 minutes'! Yes it is exactly what it says it is. And it does go over the bare facts. So if you have never hear of the Baha'i Faith, it is a very good read to touch on the belief's of the religion.

I love what I learnt about this religion. It is the way of leaving everybody should accept and adopt. Love it, love it, love it. It's exactly the religion that I was looking for.

Enlightening.

Well written and informative.
