Customer Reviews

Made the purchase to add to my collection of crochet patterns. I have not yet used this book, but I think the dolls are adorable.

So cute and easy. I am making several for my great grandniece. There is one basic pattern. You can use your own colors, make different flowers, even make the dolls a different size by using different size yarn or hook. How about doing one in size 10 thread? Or make it bigger by using bulky yarn. Instructions are clear and there are many pictures.

I have another pattern set by this author and I like this one just as much. Simple but cute. Comes together quickly and easily and is a great way to use up odd scraps.

I had a great time working on my project. Can highlight lines where i stopped! Just finished a red doll... currently working on a violet doll! Great book, easy to follow instructions... very well recommended!

Does t look as challenging as some other patterns I might just give these a try. Just don't know if my hands will handle small wok.

I have used this pattern to make many dolls. Its super easy to follow and the dolls turn out super cute every single time! Thanks!

I love the patterns. I don't care for having to use the Kindle to read the pattern though. It is difficult to follow when trying to crochet and read the small print on the device.

These are so fun to make. The instructions are easy to follow.
